Project Title: Vaporwave Website

I would like to build a website in the vaporwave aesthetic, going through the history of its creation, popularity, current, and future. The colors I will be using will be pinks, blues, and purples, and I will incorporate pixel art and retro computer graphics as part of my design.

- **Home Page**
 - A box with a scrolling background, with the title and basic blurb in it
- **History**
 - Similar style with images and dates for the movement, with notable creators
- **Present**
 - Show present examples of the movement including drawing, animation, and games
- **Future**
 - Show some vaporwave ideas that haven't taken off yet but might
